ACADEMIC BACKGROUND

- Bachelor's Degree in Information Systems - University of Southern Santa Catarina (Unisul) - 02/01/2023 – Present
- Industrial Learning in Information Systems Programming - National Service for Industrial Learning (SENAI)- 02/23/2021 – 12/10/2021

PROFESSIONAL EXPERIENCE

Eurotec Nutrition Brasil

Position: IT Support Specialist – Level 3

Period 06/21/2022 – Present

Upon being hired, I took on responsibilities in technical support, managing over 1,500 application points across Latin America. My role includes client communication, database modifications, and ensuring efficient operations.

I have developed new skills in AWS and Postman, while also expanding my expertise in automation and equipment such as pumps, sensors, and inverters.

Currently, I lead the development of an automated configuration system for embedded systems using Raspberry Pi to optimize critical company processes, continuously honing both technical and interpersonal skills critical for professional success.

Eurotec Nutrition Brasil

Position: IT Support Intern – Level 2

Period 02/16/2022 – 06/20/2022

During my internship, I developed skills in automation using Raspberry Pi, ABS modem configuration, electrical panels, sensors, and helical pumps. I also gained experience in graphic design with Photoshop and improved both technical and interpersonal skills within a corporate environment.

Eurotec Nutrition Brasil

Position: IT Support Apprentice – Level 1

Period 02/23/2021 – 12/10/2021

Main Activities: Lorem ipsum dolor sit amet, consectetur adipiscing elit. Aliquam ut ex at risus sodales viverra. Maecenas tempus mollis dolor sit amet fringilla. Nulla nec maximus quam. Aliquam non ultrices nisl, ac dictum turpis.
